

## NATO Cables & Custom Cables

Our NATO cables are constructed of Machine Tool Wire (MTW) which is composed of numerous fine strands allowing the cable to be easily manipulated. Each cable is also available in a variety of lengths, allowing for extended applications further from your power source.

- 6, 10, 15, 20, 30, 50 ft. lengths standard with custom lengths available upon request.
- 1/0, 2/0 or 10/2 gauge wire
- Many Connectors Available:

- NATO Sockets
- NATO Plug
- Mini NATO Plug
- Anderson
- Ring Lugs
- Strip & Tin
- MS Connectors
- Battery Clamps
- Custom Connectors

## Grounding Rod Kits

These portable rod kits are built to MilSpec standards to be reused multiple times, in tactical situations. They also include a special easy-removal tool which allows for reuse of your grounding rods, even when your unit is mobilizing on a moments notice.

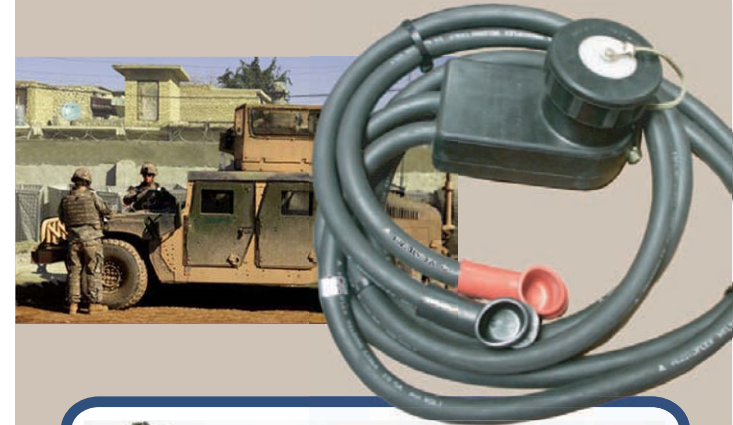

These rods are also available as part of a packaged solution containing installation & removal tools, carrying cases and other connection options.
